

Finding The Wild Within

5-Day High Potential Program

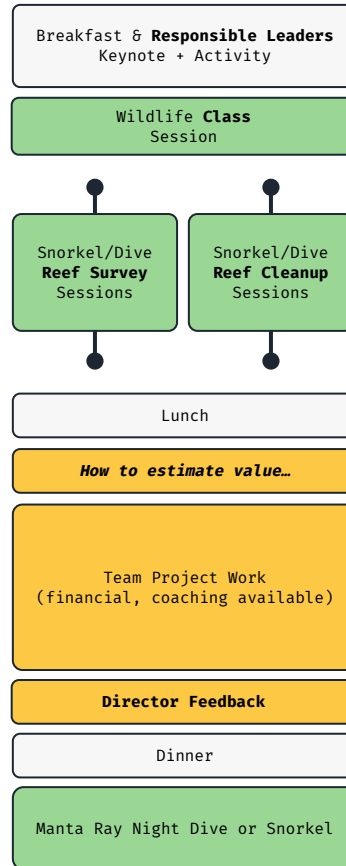

Day 1

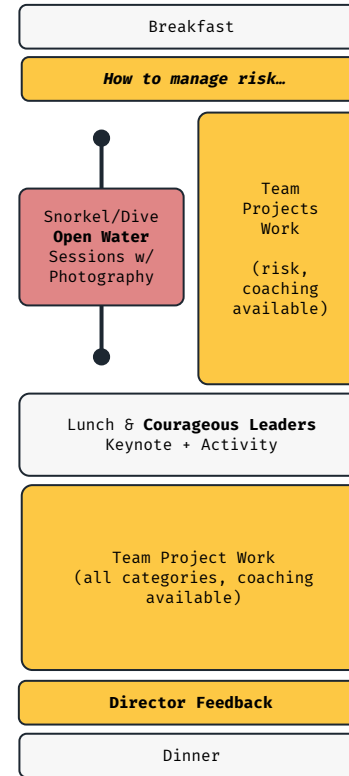

Day 2

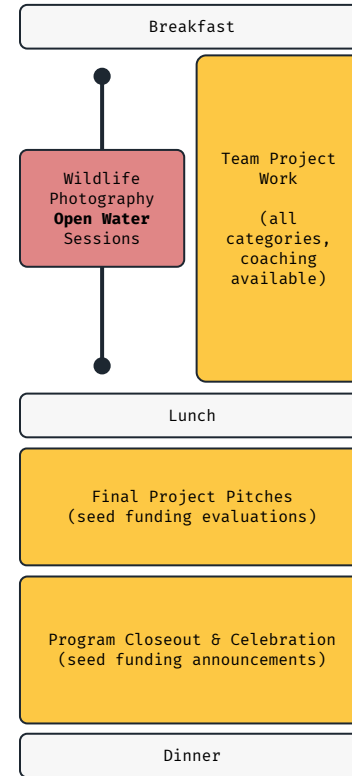

Day 3

Day 4

Day 5

This sample agenda *challenges* senior manager level hi-po participants, with virtual support and *feedback from their directors*, to develop **innovative business cases**, providing the needed training and plenty of inspiration along the way. The organization could choose to offer up seed funding to worthy business cases at the end. This is one powerful example agenda, and can be tailored minimally (i.e. swapping out keynotes), or redesigned to meet a different set of learning objectives.
